REPORT OF DIRECTOR AND SCHOOL IMPROVEMENT COUNCIL

Cherokee Technology Center affords learners from Blacksburg and Gaffney High Schools the opportunity to gain knowledge and skills through Career and Technology Education. Having met AYP for five consecutive years and being fully SACS accredited, Cherokee Technology Center is an institution dedicated to and familiar with success. Our school's success is indicative of the outstanding effort and performance demonstrated by the students, parents, teachers, and advisory councils at Cherokee Technology Center. We believe that our joint dedication to excellence and our collaborative efforts continually assist us in surpassing our goals.

Our highly-qualified faculty is always dedicated to success and ready to tackle any project. With 100% of our faculty classified as highly-qualified, our instructors are continually seeking to better themselves to benefit the school and its students. Our instructors are always eager to attend additional training and workshops, while preparing themselves to pass on pertinent knowledge to other stakeholders in our school. With three OSHA certified instructors, we have been able to certify CATE students during the 2007-2008 school year and to offer a service to our advisory council members to train their employees using the OSHA guidelines. Because of our dedicated staff, we have also been able to offer CERT certification to 45 students. Dedicated to community efforts as well, our faculty of 35 members was able to make sizeable donations to the American Cancer Society and the March of Dimes; donations were increased from last year.

In 2008-2009, Cherokee Technology Center will continue to provide a diverse educational experience that will benefit all stakeholders. Cherokee Technology Center will continue to partner with Blacksburg and Gaffney High Schools to implement the Education and Economic Development Act. Cherokee Technology Center will continue to partner with Gaffney High School and Blacksburg High School to implement High Schools that Work and continue to work with Gaffney High School's Project Lead the Way program. Curriculum improvements will ensure that our students are afforded the most current and relevant curriculum available. In 2007-2008 Cherokee Technology Center was accredited as a National Automotive Technicians Education Foundation, thus allowing our automotive students to graduate with national certification.
